Technology today is no longer confined to a desk or a lab. Our students recently had the exciting opportunity on 3rd September 2025 to explore how technology can be mobile-portable, adaptable and full of learning potential. The biggest advantage of mobile technology is its freedom and flexibility.

As our school continues to embrace new ideas, this experience reminded us that technology isn't just about gadgets-it's about moving minds, inspiring curiosity and unlocking endless possibilities for learning.

Our school celebrated Onam with great enthusiasm on **3rd September 2025.** The highlight of the event was a vibrant skit showcasing the joyous and colorful celebrations that take place across Kerala. King Mahabali through the skit, told his story and blessed everyone. The students of Class III delighted the audience with a melodious Malayalam song, while the girls of Classes IV and V performed the traditional Thiruvathira dance. The program beautifully captured the spirit of Onam, filling the atmosphere with festive cheer, grace and cultural pride.

thoughtless. And yet me

Teachers' Day was celebrated with great excitement on 4th September 2025. The occasion was graced by the Principal, Vice-Principals, Headmistresses, Academic Coordinators and teachers. The Class 12 students took the lead in organizing a series of cultural programmes that entertained the teachers and ensured the smooth conduct of the day's proceedings. The management expressed their appreciation to the staff by hosting a sumptuous lunch, which added warmth and joy to the celebration. The event concluded on a joyous note, leaving behind cherished memories and a deep sense of gratitude.

Shreshta Acharya Award

On 5th September 2025, Smt. C.R.H. Sangeetha, the English teacher of our school, was honoured with the Shreshta Acharya Best Teacher Award by the Hindu Charitable Educational Society, Jaigopal Garodia Vivekananda Vidyalaya, Avadi. This prestigious recognition celebrates her exceptional dedication, commitment and contribution to the field of education. This achievement not only highlights her personal excellence but also brings immense pride and joy to our entire school community. Her devotion to shaping young minds and guiding them towards success truly embodies the spirit of an outstanding educator.

**Industrial Visit** 

On 8th & 9th September 2025, the students of Class11D and 11E had the opportunity to visit Hatsun Agro Product Ltd. The students and teachers were welcomed warmly. The session began with an introductory video on safety guidelines. After the briefings, the students were taken on a tour of the facility. The first stop was the storage unit, maintained at an extremely cold temperature of -23°C, where the finished products were preserved. From there, we moved on to the manufacturing plant, where the students observed the process of cake decoration and packaging. The visit was not only enjoyable but also gave the students valuable insights into modern food manufacturing, storage and safety measures.

On 9th September 2025, Class II organized a Math Ramp Walk on Shapes at the TAG Auditorium to make learning creative and fun. The programme began with an introduction to 2D shapes, followed by a colourful ramp walk where students represented various shapes such as circles, squares and triangles.

The excitement continued as 3D shapes—cube, sphere, cone and cylinder—were introduced. Students confidently walked the ramp, showcasing the features of these shapes with real-life examples. To connect concepts, a combined ramp walk of 2D and 3D shapes was presented, illustrating how plane figures form solid figures.

The event concluded with a thought-provoking speech reminding everyone that shapes are found all around us. The joyful and educational programme proved to be a grand success, making learning an engaging and lively experience for the students.

# Class 2 - Guindy National Park

On 12th September 2025, Class 2 embarked on a field trip to Guindy National Park and Snake Park with 219 students, 12 escort teachers and 6 helpers. They departed at 8:45 AM and returned at 2:30 PM. Students observed various animals, including deer, birds and snakes. The trip provided a unique learning experience, fostering curiosity and appreciation for wildlife. Students enthusiastically participated in guided tours and interactive sessions. They gained knowledge about different species and their habitats. The trip concluded with students sharing their exciting experiences and newfound learnings. Overall, it was an engaging and educational experience. The students returned with memorable experiences and a deeper connection to nature.

The Bharat Scouts and Guides Camp was successfully held at the Hoskote Camping and Training Centre, Perambur, from 12th to 18th September 2025. Scouts and Guides from various schools enthusiastically participated in a week filled with learning, adventure and fun.

Activities such as knot-tying, first aid, hiking, tent-pitching and group games helped build discipline, teamwork and leadership. The campfire night was the highlight, where participants showcased their creativity through songs, skits and dance performances, fostering unity and friendship. The camp concluded with a valedictory function attended by senior officials who appreciated the campers' efforts. It was a memorable and inspiring experience that truly reflected the spirit of Scouting and Guiding.

## **Modes of Transport**

On the 16th of September, students of Class 2 brought history to life by exploring the evolution of transportation from the Stone Age to the Iron Age through creative projects and performances.

The event featured innovative exhibits made with materials like ice cream sticks and clay, colourful collages showing transport across different eras and lively songs in Tamil and English.

It beautifully combined subjects like history, art and design, making learning both fun and meaningful. The project encouraged teamwork, creativity, and curiosity, showcasing the students' enthusiasm and growing understanding of how transportation has evolved over time.

# Food-Eat Right, Live Bright

bound to it through the great lines of the

On 18<sup>th</sup> September 2025, students of Class I showcased their learning on the topic of Food through a variety of subject-integrated

activities. Through this interdisciplinary approach, they explored the importance of healthy eating habits while developing key academic and creative skills.

Students enhanced their writing and visual skills through comparison exercises, worksheets in Mathematics, colouring and collage making in Hindi and Art. They also improved their speaking abilities by talking about their favourite foods and deepened cultural appreciation by listening to songs in English and Tamil.

Overall, the activities helped students understand the impact of diet on health and highlighted the value of learning through integrated and experiential methods.

The Kindergarten Sports Day was held on Saturday, 20<sup>th</sup> September 2025. It was a vibrant and energetic celebration centered around the theme of The Tiny Insects Olympics. The Sports Day was aimed to engage young

minds in physical activities and also to ignite their curiosity about the tiny insects found everywhere that shape our world. There was a captivating display of beautiful butterflies, miraculous ladybugs, etc. by both UKG and LKG children. Colorful costumes and life-sized cutouts of insects adorned the surroundings. Each display area was dedicated to a specific type of insect, featuring activities such as the

On 23rd September 2025, the Golu Keeping Celebration was a grand success, with enthusiastic participation by the students of Classes I and II. Students displayed beautifully arranged dolls and figurines that reflected the festive spirit of the occasion.

The celebration began with a sacred Pooja performed by the Principal, followed by soulful Bhajans sung by the students in front of the Golu decorations. Children dressed in traditional attire, added colour and charm to the event. Students also visited the various Golu displays and appreciated their cultural and spiritual significance. The celebration promoted cultural awareness, creativity and a sense of tradition among the young learners.

**World Vegetarian Day** 

World Vegetarian Day is observed on 1st October annually. It was founded in 1977 by the North American Vegetarian Society (NAVS) and in 1978 was endorsed by the International Vegetarian Union. Since then, it has developed into a global campaign that motivates people to adopt plant-based diets. With the rising global interest in mindful eating and a sustainable future, World Vegetarian Day continues to motivate people of all ages to adopt or support a vegetarian lifestyle.

The students of our school attended an enlightening webinar on Artificial Intelligence (AI) and Robotics conducted by Ms. Teena Hassan on **24th October 2025**. The session was aimed to enhance students' understanding of how these technologies function and their growing impact on society and the future. Key concepts such as Machine Learning, Natural Language Processing and Deep Learning was explained in a clear and engaging manner. Various types of robots, including mobile robots and collaborative robots (cobots) were showcased. The session further explored thought-provoking topics such as AI Ethics, Responsible use of Technology and the question of whether machines can truly "understand." Ms. Hassan's friendly and patient approach made the workshop both enjoyable and intellectually stimulating.

Overall, it was an inspiring and insightful experience that deepened students' knowledge of AI and Robotics, encouraging them to think critically about the future of technology.
